## EARLY Pick-ups

Keeping your child safe is the MOST important thing we do at Sage everyday. At the end of the day there are over 500 students leaving Sage and it just takes a little time to get everyone going to the correct place and with the right person.

The following are ways in which we can work together for your child's safety:

- Call before 2:30pm (1:30pm on Weds) if you need to change your child's after school plans.
- Please notify the office as early as you can if you are picking up your child for an appointment.
- Please do not pick up your child early to avoid parking lot congestion. The end of the day activities are very important for a student's success. The teacher is reviewing homework, giving reminders, finishing up instruction and bringing closure to the day. Early pick-ups not only interrupt the teachers; but disrupts the end of the day for other students in the classroom.
- Please make sure ALL phone numbers, addresses, and emergency contact information are up to date.
- If someone else is picking up your child, please be sure to call the office and let us know the person's name and phone number. That person will need ID when they come to the office.

We want to team with you so your child has a positive learning environment.
